

Our Lady of the Valley Capital Campaign

Building Faith, Laying Foundation

Pledge of Confidentiality

It is the policy of this Capital Campaign that the amount an individual, family, business, or foundation gives is kept completely confidential. It is known only to the donor, the Campaign Chairman, and the Auditor.

It is unforeseen and unprecedented that the amount of a donation be revealed. However, in the unlikely event this need is occasioned, then the campaign chairmen must first obtain the donor's express permission prior to reporting any individual's pledge publicly or even in private conversation.

In the case of a corporate or foundation pledge, the amount is held confidential unless prior written permission is given to release such information.
